RECORD OF TELEPHONE CONVERSATION

FROM: Tom Lundahl *Tom Lundahl* 6-13-95 DATE: 5-25-95

LOCATION: Irvine, CA TIME: 9:00 am

TO: Cathy Bergeron P.O. NO. (504) 928 - 1000

LOCATION: Baton Rouge Water Company OTHER REF. _____

Ms. Bergeron informed me that the Baton Rouge Water Company has 53 wells serving a population of 86,000, and the Parish Water Company has 22 wells serving a population of 22,000. She said these wells supply all of Baton Rouge with drinking water; there are no municipally-owned wells in use.

RECORD OF TELEPHONE CONVERSATION

FROM: Tom Lundahl *Tom Lundahl* 6-13-95 DATE: 5-4-95

LOCATION: Irvine, CA TIME: 10:00 am

TO: Tim Morrison P.O. NO. (504) 765 - 2336

LOCATION: District 7 Fishery Station, LA OTHER REF. _____

Mr. Morrison said there are various species of fish along this section of the Mississippi River including catfish, stripers, and bass. There is some commercial catfishing and general recreational fishing along the Mississippi River between Scotlandville and Plaquemine. He estimated that less than 100,000 pounds of fish were caught per year.

RECORD OF TELEPHONE CONVERSATION

FROM: Tom Lundahl *Tom Lundahl* 6-13-85 DATE: 5-4-95

LOCATION: Irvine, CA TIME: 9:00 am

TO: David Wagnecht P.O. NO. (504) 295 - 8480

LOCATION: LDEQ - Surface Water Division OTHER REF. _____

Mr. Wagnecht informed me that there are no surface water intakes used for drinking water between Scotlandville and Plaquemine. Drinking water for the entire Baton Rouge area is supplied by ground water wells.
